Statistics of Libraries by County 14

State Summary of Public Library Statistics: By Counties 40

State Summary of Public Library Statistics: By Regions 41

Directory of State Library Staff 42

INTRODUCTION

The New Jersey State Library annually compiles statewide library statistics to help libraries analyze and improve programs and services. Trustees and library directors use the statistics to develop and justify budgets and for comparative evaluation of programs, staffing practices and collection development. School and college library staffs use the statistics to identify interlibrary loan resources and to establish cooperative service programs.

Public library services in New Jersey are provided primarily by three types of libraries:

1) **Municipal** - library established by law following a referendum in which the majority of voters decided to establish such a library. It is supported by taxes and is governed by a seven-member board, appointed by the mayor, which must include the mayor and the superintendent of schools. There are 221 municipal libraries identified in the tables by an **M.**

2) **County** - library established by law following a county-wide referendum approved by a majority of voters. It is supported by taxes and governed by a board known as the county library commission, composed of five members appointed by the freeholders. There are 14 county libraries identified in the tables by a **C.**

3) **Association** - library established, governed and supported by an association of citizens. Such an association is incorporated, forms its own constitution, appoints or elects its own board and is responsible for operation of the library. It may receive tax support from the local governing body. Only those association libraries whose services are free to the public are included in this publication. Some libraries formerly listed as association libraries are now branches or stations of their county libraries. Assocation libraries, numbering 70, are identified in the tables by an **A.**

In addition, there are six **joint** libraries in New Jersey which are identified in the tables by a **J.** A joint library is established by law following a referendum in two or more municipalities which was approved by the majority of voters. It is governed by a board appointed by the mayors of the participating municipalities.

The State Library has designated 26 libraries as **area** libraries. Each of these libraries is a headquarters library under contract with the state for specialized services to libraries within a given geographic area. The 26 area libraries are indicated in the tables by an asterisk (*) before the library name.

Summary tables show the number and percentage of population served by public libraries (Tables 1 and 2), libraries according to size of population served (Table 3), libraries according to total expenditures (Table 4) and libraries according to type and total expenditures (Table 5). New for 1984 is a table summarizing public library statistics by the Regions of New Jersey (see page 41).

Tables showing individual library statistics by county and a state summary constitute the body of this publication. These data include the 1984 New Jersey state population estimate figures for population served and equalized valuation. Where a public library is supported by more than one municipality, the figures shown represent combined municipalites.

Beginning on page 6, a new set of tables is included that has not been provided since 1977 (see New Jersey Public Library Statistics, 1978 for 1977 data): "Salaries Budgeted by New Jersey Public Libraries in 1985 for Full-Time Certified Professional Librarians: Library Directors and Starting Professional Librarians Without Experience." These salary tables are presented by Population Group, Total Library Expenditures Group, and Region of New Jersey.

Explanation of the column headings follow. Where data has been taken from annual public library statistical reports for 1984, the line number of the report used is given in parentheses at the end of the explanation of each column heading below.

Column Heading	**Explanation**
POPULATION SERVED 1984	Total population of New Jersey as of July 1, 1984, was 7,514,802, as stated in the **Population Estimates for New Jersey, July 1, 1984,** Provisional, issued by the Office of Demographic and Economic Analysis, New Jersey Department of Labor (September 1985). An estimated 7,426,797 of this population were served by a public library, defined as the accessibility of a public library within a municipal boundary or service provided by a county library. As indicated in the tables, two municipalities contract for library service. Their populations total 13,363. The remainder of the population, 74,642, is unserved, residing in municipalities not served by a county library or any local library. The population served by a county library is the total of all municipalities which provide tax support, including the populations of the member-libraries listed below the county-library entry.
EQUALIZED VALUATION	Equalized valuation of municipalities is supplied by the Division of Taxation, New Jersey Department of the Treasury, 1984 (Conformed Copy). Amounts are shown to the nearest thousand dollars and exclude municipalities which do not officially support library services. For county libraries, the equalized valuation reported is the total of all municipalities which provide tax support.
INCOME: LOCAL TAX	Local tax support is shown as reported by individual libraries as the sum of appropriated and additional tax support. (Line 14) NOTE: Calculation of State Library Per Capita Aid is based on amounts expended from municipal or county budgets for library purposes.
INCOME: PER CAPITA STATE AID	Amounts shown as **per capita state aid** were reported as paid in 1984 to municipalities and counties with libraries. State Aid to area libraries, research libraries and emergency aid/incentive grants is not shown in this column. (Line 16) NOTE: Two factors distort the comparison of data in this column with that of prior years. First, payment of state library aid due in October 1983 (FY 1984) was split into two payments, with the final payment not received until 1984. Second, supplemental checks for FY 1983 were issued late in 1983, but some libraries did not receive them until 1984. Thus, this column in 1984 includes both 1983 late payments and those for 1984.
INCOME: TOTAL	Amounts shown are library operating income from all sources (Line 24), but excluding the balance brought forward from the prior year (Line 11). State aid to area libraries, research libraries and for emergency aid/incentive grants is included. (Line 24 - Line 11)

Column Heading	Explanation
EXPENDITURES: SALARIES, WAGES AND BENEFITS	Amounts reported here include salaries, wages and fringe benefits paid in 1984 to all library employees, including maintenance personnel, whether paid from the library budget or from the municipal or county budget. Retirement benefits paid are excluded. (Line 28)
EXPENDITURES: LIBRARY MATERIALS	Included are the amounts expended for books, periodicals, newspapers, microforms, all other non-print materials and binding. (Line 33)
EXPENDITURES: TOTAL	Total expenditures for 1984, as reported by libraries, represent current operations and exclude amounts spent for capital improvements, repayment of loans, etc. The difference of total expenditures, less those for salaries, wages and benefits and for library materials, represents all other operating expenditures. (Line 37) NOTE: Total Expenditures may exceed Total Income, since the balance carried forward from 1983 (Line 11) has been deducted to yield current-year income.
PER CAPITA: LOCAL EXPENDITURES	These amounts are derived by dividing total expenditures by population served. This column excludes amounts paid by municipalities in support of county libraries.
PER CAPITA: EXPENDITURES INCLUDING COUNTY TAX	For county libraries and county-library members, these amounts are derived from the sum of total local expenditures and county-library tax support paid, divided by population served. (While amounts paid by municipalities in support of a county library are not printed in these tables, they are included in these computations and were taken from county abstracts of ratables.) NOTE: For Morris County libraries, both Level I and Level II taxes paid are used in this column.
STAFF: PROFESSIONAL CERTIFIED	Numbers appearing in this column represent full-time and part-time librarians who hold New Jersey Professional Librarian Certifications. (Line 42a)
STAFF: FULL TIME	In this column, the number of individuals working full-time for a minimum of 30 hours per week as of December 1984 is reported. (Line 39b)
STAFF: FULL-TIME EQUIVALENTS (FTE)	This column represents the total of part-time and full-time employees equated to a number of full-time positions. The minimum work week is assumed to be 30 hours. (Line 42b)
VOLUMES OWNED YEAR END	These amounts represent the number of books (including books in microform if cataloged) reported as owned at the end of 1984. Other materials which are prepared, cataloged and recorded in the same manner as books are also reported here. (Line 47b)

Column Heading	Explanation
VOLUMES: PER CAPITA	These amounts are derived by dividing the number of volumes owned at the end of the year by the population served.
VOLUMES: PURCHASED DURING YEAR	This column reports the number of volumes purchased (including books in microform if cataloged) by public libraries in 1984, exclusive of gifts and volumes supplied by county libraries. (Line 45b)
TOTAL CIRCULATION	Reported here is the total circulation of library materials, adult and juvenile, including reciprocal borrowing, loans of library materials in bulk to other institutions and interlibrary loans. (Line 58)
SUBSCRIBED PERIODICALS	Numbers shown equal reported number of current paid subscription titles, including newspapers and magazines other than annuals, at the end of 1984. (Line 48)
HOURS OPEN WEEKLY	This column reports the number of hours per week the main library was open for public service during the major part of 1984. (Line 60)

AVERAGES

Averages have been calculated for county-member subtotals, county summaries, and state totals for the following columns: Per Capita Local Expenditures, Per Capita Expenditures Including County Tax, Volumes Per Capita, and Hours Open Weekly.

AVERAGE PRICE PAID FOR BOOKS IN 1984 BY NEW JERSEY PUBLIC LIBRARIES

Average Price Paid Per Volume in 1984: $10.94

Many libraries use the average price per volume to assist in setting their budgets for library materials and to meet the State Library Aid Administrative-Code criteria for number of volumes purchased. As detailed in the New Jersey Administrative Code, 6:68-1.5(b), the funds spent for audiovisual materials, when divided by the average price paid per volume in the most-recent year published, gives an equivalent number of volumes which may be added to the number of print volumes purchased. Alternately, the total materials expenditure (except periodicals) may be divided by the average price per volume to yield the total number of volumes purchased.

From the 1984 annual statistical reports, Line 29 (Columns a+b), "Expenditures for Books," totaled $12,024,067 for the 298 public libraries reporting. The total of Line 45, "Book Stock: Number of Volumes Purchased," was 1,098,693. Thus, the average price per volume purchased in 1984 was $10.94.

The $10.94 average price for 1984 will be used in 1986 for calculation of the FY 1987 State Library Aid requirement for the number of volumes purchased in 1985.

TABLE 2
POPULATION SERVED

	POPULATION	PERCENT OF STATE POPULATION
POPULATION SERVED	7,426,797	98.83
POPULATION NOT SERVED	88,005*	1.17 *
	=========	======
	7,514,802	100.00

* Two otherwise-unserved municipalities contract with other municipal public libraries for library services:

Englewood Cliffs	(see p. 15)	5,747
Guttenberg	(see p. 24)	7,616

Total Population, Contracting Municipalities:	13,363	.0.18
With the 13,363 population counted as "Served," the "Not Served" population amounts change to:	74,642	0.99

The following tables are based upon the "Population Served" of 7,426,797, which excludes the two municipalities contracting for library services.

JOINT LIBRARIES (J)	$2,220,497	118,057	6	1.57	$18.81
ASSOCIATION LIBRARIES (A)	$559,456	84,801	11	1.13	$6.60
NON-RESPONDENTS		14,749	4	0.20	
SUMMARY	$79,510,141	5,125,848	229	68.21	$15.51

LIBRARY TYPE=2. COUNTY LIBRARIES

	TOTAL EXPENDS	POPULATION[x]	NUMBER OF LIBRARIES	PERCENT OF STATE POPULATION	EXPENDITURES[y] PER CAPITA
COUNTY LIBRARIES (C)	$26,219,677	2,286,200	14	30.42	$11.47

LIBRARY TYPE=3. COUNTY LIBRARY MEMBERS

	TOTAL EXPENDS	POPULATION[x]	NUMBER OF LIBRARIES	PERCENT OF STATE POPULATION	EXPENDITURES[y] PER CAPITA
MUNICIPAL LIBRARIES (M)	$1,979,029	168,141	6	2.24	$11.77
ASSOCIATION LIBRARIES (A)	$2,314,340	400,183	49	5.33	$5.78
NON-RESPONDENTS		79,944	9	1.06	
SUMMARY	$4,293,369	568,324	55	7.56	$7.55

LIBRARY TYPE=4. COUNTY LIBRARIES & MEMBERS (2+3)

TOTAL EXPENDS	POPULATION[x]	NUMBER OF LIBRARIES	PERCENT OF STATE POPULATION	EXPENDITURES[y] PER CAPITA
$30,513,046	2,286,200	69	30.42	$13.35

LIBRARY TYPE=5. STATE TOTAL (1+2+3[z])

TOTAL EXPENDS	POPULATION[x]	NUMBER OF LIBRARIES	PERCENT OF STATE POPULATION	EXPENDITURES[y] PER CAPITA
$110,023,187	7,412,048	298	98.63	$14.84

Notes on Table 5: "Libraries According to Type and Total Expenditures"

x. **Population** served totals in this table **exclude** the population of the four (4) non-respondent municipal and exempt libraries having a total population of 14,749.

y. **Expenditures per capita** in this table **exclude** the populations of the four (4) non-respondent municipal and exempt libraries, whereas the statewide summary sheet for the 1984 public library statistics includes these people. Hence, the variance in per-capita expenditures: $14.81 with the additional 14,749 population included; $14.84 with them excluded.

z. In computing statewide totals for this table, add together "Library Types":

Total Expends. = 1+2+3
Population = 1+2 (since 2 includes population of 3, 3 is excluded here)
Number of Libraries = 1+2+3 (note that 9 non-respondents are excluded)
Percent of State Population = 1+2, but note **exclusion** of 14,749 non-respondent library population.

Expenditures Per Capita = $\frac{\text{5. Total Expends}}{\text{5. Population}}$

ANALYSES OF NEW JERSEY PUBLIC LIBRARY STATISTICS FOR 1984

Prepared under the direction of the
Office of Library Planning and Development
from reports submitted by the public libraries of New Jersey

Barbara F. Weaver
Assistant Commissioner of Education and State Librarian

Compiled by
Oliver P. Gillock, Jr.

New Jersey State Department of Education
Division of the State Library
185 W. State Street
Trenton, New Jersey 08625-0520

November 1985

ACKNOWLEDGMENTS

Acknowlegment is made to the Library Research Center, Graduate School of Library Science, University of Illinois at Urbana-Champaign, whose **Analyses of the 1979-80 Illinois Public Library Statistics** (1980) provided the model, general format and some of the analytical measures used in this publication.

Other useful data was obtained from **Output Measures for Public Libraries: A Manual of Standardized Procedures,** by Douglas Zweizig and Eleanor Jo Rodger, American Library Association (Goals, Guidelines and Standards for Public Libraries Committee, Public Library Association), 1982.

The computer programs needed for this compilation were developed by the Bureau of Information Resources Management, Division of Administration, New Jersey State Department of Education.

Word-processing of the introductory material in this volume was done by Donna G. Wooton. Cover design was by Carol J. Du Bois.

PREFACE

This publication continues to evolve from an experimental one to a format that will be more standard in future years.

Made possible by the inputting of 1984 data into the public library data base, the purpose of this volume is to add meaning to the statistics of New Jersey's diverse public libraries. By reducing such large amounts as equalized valuation to a per-capita basis and by looking at circulation of library materials in light of the number of volumes held, for example, libraries small and large can be viewed in a new way.

For the **1984 Analyses . . .** volume, two major additions have been incorporated. Summary data analyzing the six Regions of New Jersey is included, beginning on page 12. This regional analysis ties to the new regional summaries in the **New Jersey Public Library Statistics for 1984.** The second new feature for 1984 is a rank ordering of public library local tax support per $1,000 of Equalized Valuation. This measure compares local tax support for the public library to the true value of real property of the municipality or county, by dividing the former amount by the latter. In ranking these values from low to high and by giving population and total expenditures for each public library so listed, it is hoped that public libraries will have been given another method to compare their local tax support with those of other libraries of a similar size.

Since this publication is intended to assist the public library director and board of trustees, your comments and suggestions are welcomed and needed. Please send me your ideas at your earliest convenience.

Oliver P. Gillock, Jr.

Development
New Jersey State Library

INTRODUCTION

Analyses of New Jersey Public Library Statistics for 1984 interprets data obtained from the annual reports of 298 public libraries. Using data published in **New Jersey Public Library Statistics for 1984**, this publication analyzes data in several different ways.

The libraries have been divided into groups by population and expenditure levels. Therefore, each library is listed twice. After each population or expenditure listing, a page follows which gives the arithmetic average, standard deviation, high, low, three percentile ranks and number of libraries reporting, calculated for each data element. The top half of each "averages and percentiles" page presents columns previously published in **New Jersey Public Library Statistics for 1984.** The bottom half of each page gives columns for this volume. (Because of limitations of computer-formatted printing, some columns may appear in a different grouping, but all columns are listed in the same order on all pages.)

The **average** (arithmetic mean) is the sum of the data for all libraries ~~in that group.~~ The **standard deviation** is a measure of distribution around the average of the values for all libraries in the group. In a normal distribution, roughly two-thirds of the values fall within plus-or-minus one standard deviation from the mean. The **maximum** is the highest value reported for the group; the **minimum** is the lowest value reported. The three **percentile** ranks, **75th, 50th,** and **25th,** are the values below which 75% of the group, 50% of the group, and 25% of the group are found.

For items summarized from the **New Jersey Public Library Statistics for 1984,** see pages 2-4 of that publication for definitions of the column headings.

Each library is listed by **LIBRARY NAME, POPUL SERVED 1984** (in the population listings), or **TOTAL EXPENDS** (in the expenditures listing), and **CO**, a two-digit **COUNTY** code, for which a key is provided in the County/Statewide Summary.

Several ratios and percentages for each library were calculated from the data available, as defined above. They are as follows:

Column Heading	**Explanation (All data is for 1984)**
EQ VAL PER CAP ($)	**Equalized valuation per capita, in dollars:** "Equalized valuation" is the true value of real property within a local taxing district, computed from the aggregate assessed valuation and actual sales of property, and used to distribute equitably State school and library aid, apportion county taxes, and measure municipal debt limits. The population count used is that listed in the **New Jersey Library Statistics** for this year.
LOC TX SUP PER $1000 EV	**Local tax support per $1,000 in Equalized Valuation:** Local tax support (income) for the public library per $1,000 in Equalized Valuation. This is a measure of the local support of the library compared to the true value of real property of the municipality or county.
LOC TAX SUP PER CAP ($)	**Local tax support per capita, in dollars:** The library income from local tax sources, per capita. This is another measure of the local support of the library.
LOC TAX SUP % OF TOT INC	**Local tax support as a percentage of total income:** The percentage of the library's total current operating income from local tax support.

Column Heading	Explanation
PCSA % OF TOT INC	**Per Capita State Library Aid as a percentage of total income:** The percentage of the library's total income from the category of state library aid known as "per capita" aid.
PCSA % OF LOC TX SUP + PCSA	**Per Capita State Library Aid as a percentage of the sum of local tax support and Per Capita State Library Aid:** The percentage of the library's total budget from local-tax and state-aid sources that Per Capita State Library Aid represents.
SAL, W, B % OF TOT EXP	**Salaries, wages and benefits as a percentage of total expenditures:** Percent of total expenditures spent for salaries, wages and benefits of library employees, including maintenance personnel.
LIB MAT % OF TOT EXP	**Library materials as a percentage of total expenditures:** Percent of total expenditures spent for all library materials.
CIRC PER CAP	**Circulations per capita:** Number of circulation transactions per capita of the population served.
CIRC PER FTE	**Circulations per full-time equivalent staff:** Number of circulation transactions per full-time equivalent staff (based on a minimum 30-hour week, or actual).
CIRC PER VOL HELD	**Circulations per volumes held:** Number of circulation transactions per cataloged volumes in the collection at the end of the year.
CIRC PER HRS OPEN	**Circulations per hours open:** Total weekly circulation transactions per number of hours main library was open for public service in a week.
PROF % OF TOT STAFF	**Professionals as a percentage of total staff:** Percent of total library staff holding a New Jersey Professional Librarian Certification.
FTE PER M POP	**Full-time equivalent staff per 1,000 population:** Number of full-time equivalent staff per 1,000 population.
FTE PER WK HRS OPEN	**Full-time equivalent staff per week hours open:** Number of full-time equivalent staff per number of hours main library was open for public service in a week.
VOLS PER CAP	**Volumes per capita:** Number of cataloged volumes in the collection at the end of the year, per capita.
% VOLS ADDED	**Percent of volumes added:** Percent of volumes held that were purchased and added to the collection.

Column Heading	Explanation
VOLUMES ADDED PER CAP	**Volumes added per capita:** Number of cataloged volumes purchased and added per capita.
TOT EXP PER CAP ($)	**Total expenditures per capita, in dollars:** Total library expenditures in dollars per capita.
MAT EXP PER CAP ($)	**Materials expenditures per capita, in dollars:** Library materials expenditures in dollars per capita.
TOT EXP PER CIRC ($)	**Total expenditures per circulation, in dollars:** Total library expenditures in dollars per circulation transaction.
TOT EXP PER HR OPEN ($)	**Total expenditures per hours open, in dollars:** Total library expenditures in dollars per number of hours main library was open for public service in a week.

These ratios and percentages are shown first by county and statewide summary, then by Regional subtotals. Next, the averages and percentiles of the printed and derived data are presented in statewide and regional summaries. Then, ratios and percentages are shown for each library individually within each population or expenditure group. After each population group or expenditure category, the averages and percentiles of the printed and derived data are given.

The averages for ratios and percentages are based on data in each case for all libraries taken separately rather than the total of one data element divided by the total of another element.

As indicated in the Preface, a ranking of local tax support per $1,000 of Equalized Valuation has been added: All computed values for the variable "LOC TX SUP PER $1,000 EV" have been ranked from low to high for all 298 libraries reporting. Percentiles (25th, 50th, 75th and 100th) are given for all libraries reporting and are presented by county, population served, and expenditure categories. Where a " . " is printed, the variable has not been computed because data was missing.

Comparisons Among Groups of Libraries

Study of the averages gives a good general picture of each population group and each expenditure level. The average of each data element not only describes the group as a whole but also can provide interesting comparisons with other groups. For example, a county library may wish to compare its member libraries and itself with other county library systems.

Comparisons among different population groups or expenditure categories can suggest general trends. For example, local tax support per capita increases from $3.35 in the $0-24,999 expenditure category, then rises steadily from $6.21 in the $25,000-49,999 group to $14.78 in the $200,000-349,999 group, dips to $13.91 ($350,000-499,999), rises to $15.59 for the $500,000-999,999 category, then falls slightly to $15.51 for the over-$1,000,000 category. The average library's local tax support per capita in New Jersey is $11.66.

Library materials as a percentage of total expenditures generally decreases with population and also trends downward with increasing expenditure levels: the four population categories under 15,000 have averages of 18.3, 18.5, 19.1, and 15.6, respectively. Those over 15,000 population decrease from 13.9 percent, then 14.2, rise to 14.4 (25,000-37,499), then drop to 13.4 and 12.1, and finally go up to 14.8 for the over-100,000 category, with a New Jersey average of 16.1. By the ten expenditure groupings, this measure begins at 22.0 percent for those in the $0-24,999 category, then 18.0, 17.2, 14.6, 17.4 ($100,000-149,999), 16.9, 15.6, 13.8, 12.2 and ends with 13.5 for the over-$1,000,000 category.

The percent of total staff with a professional librarian's certificate tends to rise as the population and expenditure categories rise, but only to a certain point. Among the smallest population category, under 5,000, 13.5 percent was the average reported. For the 5,000-7,499 category, the percent rose to 24.1, then 26.7, 27.3, 29.5, 28.7, peaking at 29.9, 27.3, 27.2 and 28.6 (100,000 or over), with a statewide average of 25.5 percent. Among expenditure categories, this measure begins at 18.3 percent for the $0-24,999 category, drops to 14.4 (for $25,000-49,999), then trends upward from 21.4, 28.5, 26.5, 28.6, 28.9, 28.2 and 30.0, to 29.1 percent (for $1,000,000 and over).

As can be seen in the tables below, equalized valuation per capita trends downward as population increases, but does not change as substantially when total expenditures increase. Local tax support per $1000 in equalized valuation, on the other hand, appears to increase as both population and expenditure levels rise. Local tax support as a percentage of total income generally rises through the 20,000-24,999 population categories, then decreases slightly in the larger libraries to about the statewide average. Similarly, salaries, wages and benefits as a percentage of total expenditures increases generally with population and expenditure levels, dropping only in the two largest population groups and the largest expenditure category. Like the percentage of professional staff measure, that of the number of full-time equivalents per 1,000 population begins at about the state average in the smallest population category, and then rises to 0.60 and 0.61 in the 15,000-19,999 and 25,000-37,499 groups, respectively, while rising steadily in the expenditure table through all categories including $150,000-199,999 (at 0.65), then essentially leveling off in the higher-expenditure categories.

Suggested Use Of The Tables

Individual libraries can readily be compared with others in the same population-size group or the same expenditure category. For example, the Bergenfield Free Public Library serves a population of 25,660 and has total expenditures of $552,632. It is listed individually in the tables for "Population=25,000-37,499" and "Total Expenditures=$500,000-999,999." When compared with other libraries in the same population group (see page 41, "Averages and Percentiles of Statistics...Population = 25,000-37,499"), Bergenfield's local tax support per capita is $17.77, above the group average of $13.28, and higher than (or equal to) 75% of the libraries in its population group, since the 75th percentile is $17.77. Its 9.0 circulations per capita is 1.6 times the average of 5.6 and above the 75th percentile of 8.5. Other evidence of active collection use is that of circulations per volume held, which at 2.9 is well above the group average of 1.8 and higher than 75% of the libraries in its population group (at 2.3). Bergenfield holds 3.10 volumes per capita, below the group's average of 3.28, but somewhat higher than 50% of the libraries (2.98).

When compared to other libraries in the same expenditure category, Bergenfield's local tax support per capita ($17.77) falls below the 75th percentile ($22.14), but its circulations per capita (9.0) remain above the 75th percentile, which is 8.8. Bergenfield's total expenditures per circulation is $2.38, well below the expenditure-category average of $3.48 and below the 25th percentile ($2.84).

With this brief example, it can be seen that any library can compare itself not only with other libraries but with other groups of libraries.

In order to make the tables in this volume as meaningful as possible, data which are missing have been excluded from the calculations. Where a data element cannot be computed, an **X** is printed in the column. In figuring averages and other statistics for the group, that library's ratio or percentage is deleted.

A final word of caution on interpretation of the tables in this volume. Although every effort has been made to include only meaningful information in the calculations, one or two libraries which are very different from the group as a whole can alter the averages enough that a truly representative picture is not shown, especially when the total group is small. This may be so in certain columns, especially in the largest population group and highest expenditure category, as well as the statewide totals. Because of very high values reported by some large libraries, those averages and standard deviations may be distorted. In such cases, the percentile rankings will be less influenced.

ERRATA - New Jersey Public Library Statistics for 1984

The following corrections should be made to the statistics published in New Jersey Public Library Statistics for 1984. Revised county totals are listed on the New Jersey summary sheet, page 40, overleaf.

Page	County	Library	Column		Corrected Amount
23	Gloucester	Gloucester County	Staff:	Full Time	13
			Staff:	FTE	22.0
26	Mercer	Trenton	Volumes:	Owned Yr. End	342,732
			Volumes:	Per Capita	3.72
			Volumes:	Purchased During Yr.	9, 384

In addition, the following corrections are to be made, but were received too late for inclusion on the revised New Jersey Summary Sheet:

Page	County	Library	Column		Corrected Amount
23	Gloucester	Westville	Income:	Local Tax	$ 19,877
			Income:	Total	$ 25,232
			Expends:	Sal, Wage & Ben	$ 14,526
			Expends:	Total	$ 26,433
			Per Cap:	Local Expends	$ 5.58
29	Monmouth	Neptune Twp.	Income:	Local Tax	$ 307,132
			Income:	Total	$ 374,236
			Expends:	Sal, Wage & Ben	$ 196,055
			Expends:	Total	$ 357,140
			Per Cap:	Local Expends	$ 12.33
